To Whom it may concern

The year was 1987. I remember receiving a phone call from a man representing the Military College at Duntroon. He did introduce himself but I can't remember his name or rank.

He told me that if I went to the media about anything to do with Duntroon, he would make sure that I & our younger children would never receive a passport, work in a Government Office or receive any assistance from the Government in the future.

I agreed, as I didn't want to involve the other children & also at the time I had no idea why he was threatening me.

He never made any reference to Julian Knight & I was completely unaware of the friendship between my son Steven Kidd & Julian Knight while they were at Duntroon.

It wasn't until years later that Steven was able to talk about what happened at Duntroon, it was then that I made the connection between the phone call & ~~Duntroon~~ Julian Knight.
