URGENT MATTER

Re: Alleged Assault of Philip REED.

A report is submitted herewith.

Police paper is also attached.

Exhibits are not usually retained at the Division of Forensic Medicine and unless specifically requested will be despatched to the C.I.B. as soon as possible after examination.

Division of Forensic Medicine.

THE AUSTRALIAN FEDERAL POLICE.

25th June, 1987.

Re: Alleged Assault of Philip REED.

I, Virginia FRIEDMAN,

hereby certify as follows:

- (1) I am employed as a Forensic Biologist by the Department of Health, New South Wales. My scientific qualifications are Bachelor of Science of the University of Cape Town, South Africa.
- (2) I made a scientific examination of the following articles received from Const. Johnston of the Australian Federal Police on the ninth day of June, 1987:
1. Blood - REED
 2. Blood - KNIGHT
 3. Swab - knife blade
 4. Swab - knife handle
- (3) As a result of such examination I find as follows:
- Philip REED is a Hp 2 individual, as determined from the blood sample (item 1).
- Julian KNIGHT is a Hp 2-1 individual, as determined from the blood sample (item 2).
- Items 3 and 4 were stained with human blood. The blood on item 4 was type 2-1. An attempt to group the blood on item 3 was unsuccessful.

GIVEN under my hand at SYDNEY,
this twenty fifth day of June, 1987.

V. Friedman,
Forensic Biologist.
