

To Whom It May Concern,

We have contacted you due to our Partner having identified that one of their copyright protected images is in use on your domain without a license or agreement.

Visual Rights Group is a registered Belgian company, our full address is:

*Carnotstraat 39,
2060 Antwerpen, Belgium
Company no. 0541831904*

You can verify our business details through the Belgian business registry by visiting:

While we may be based in Belgium this does not restrict us from investigating and following up on worldwide copyright infringements. We work in accordance with and within the scope of relevant national copyright laws which grant our Partners the right to claim compensation for infringements of their image material. We also work with debt collection and legal partners in each jurisdiction.

We represent our Partners in copyright infringement cases. You can verify this on their website or by logging into our claim portal using the information we have already provided and viewing the relevant partnership agreement.
